THE FOX AND THE GRAPES

* Ince a fox was very hungry. He strolled in search of food. There was

* a garden near the forest. He saw

bunches of fine, ripe grapes hanging from a vine. He wanted to eat them.

So, he jumped again and again to reach them, but in vain. The grapes were hanging too high for him to get at them. At last he gave up the attempt and went away saying, "the grapes are sour." If I eat them, they can harm me.
